

**PRE-SUBMISSION REPORT FOR
INT213 PROJECT:
SYSTEM FOR CABS BOOKING INSIDE LPU**

INTRODUCTION TO THE PROJECT

My name is POLU CHARAN TEJA, I'm really thankful to my teacher for giving me this opportunity to do this project which will help me enhance my skills. This project is based on building a system for cabs booking inside the campus.

This cabs booking service can be used by staffs and students of lpu for booking cabs for travelling from college to their desired location. The cab service will be limited to certain routes. The available routes will be listed under the “available routes” tab. There will be options for the new users to register themselves and for the existing users there will be an login option.

ROLES AND RESPONSIBILITIES

➤ Poluparthi Prasanth(Reg no:-12108132)

Backend of the project and GUI.

➤ Polu Charan Teja(Reg no:-12112505)

Frontend of the project and GUI.

➤ Abhi Panchami(Reg no:-12113731)

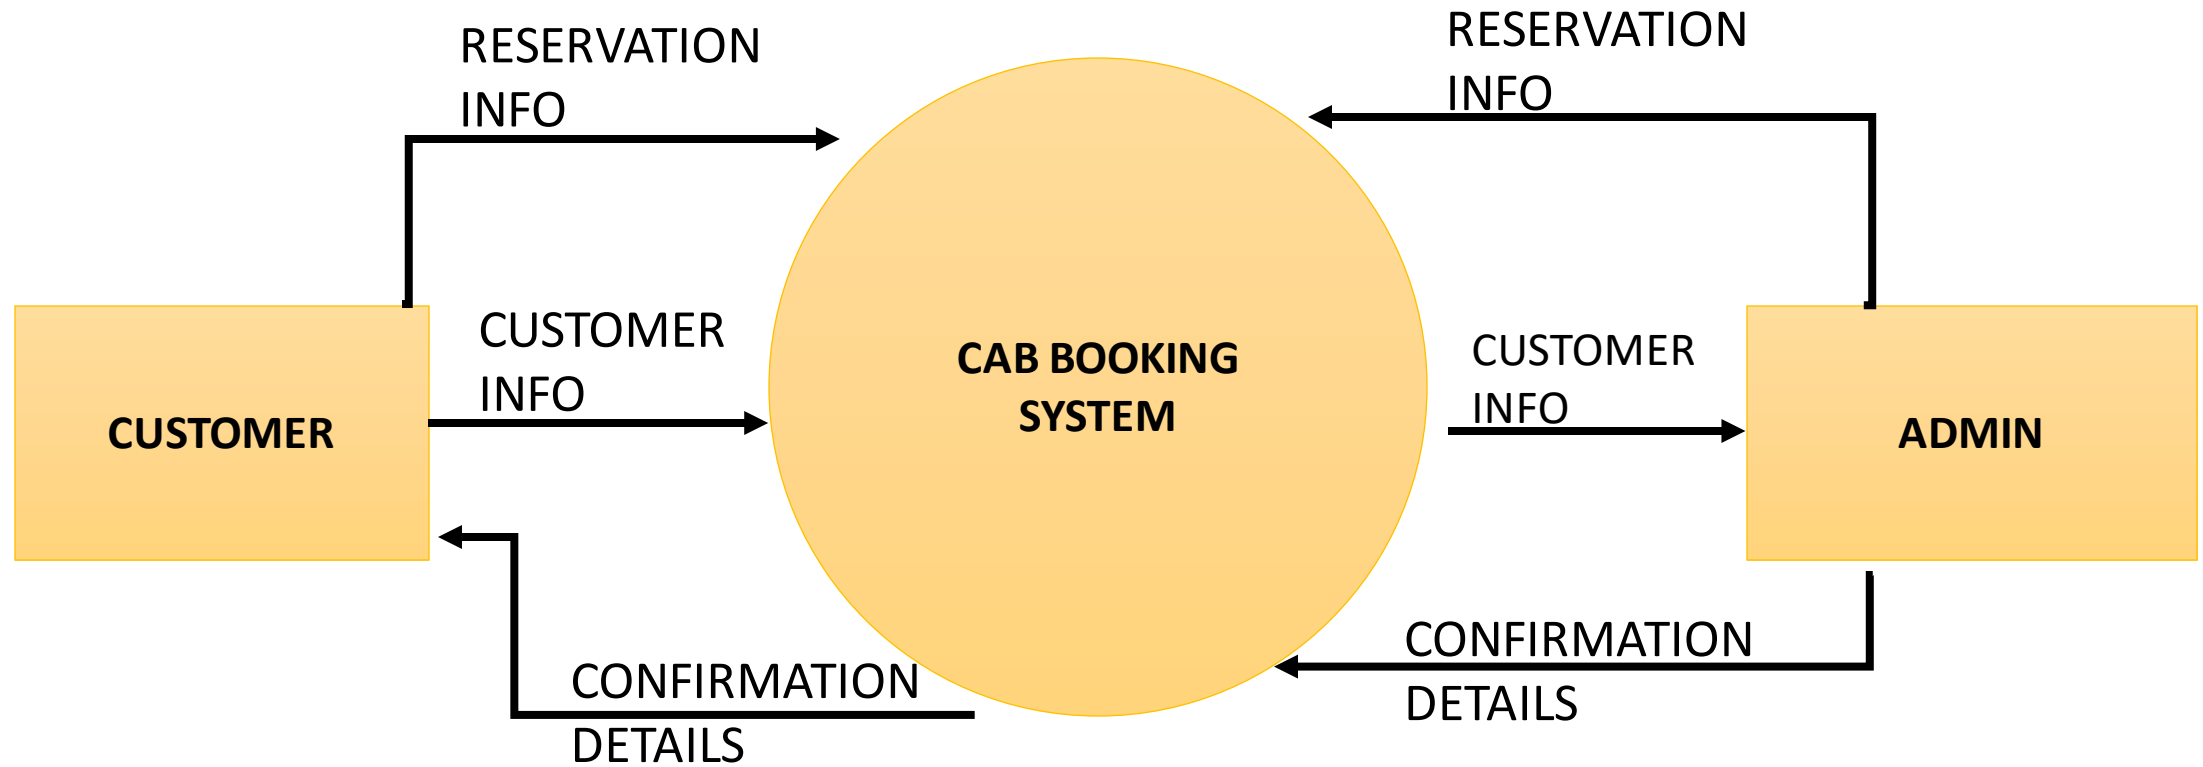

Final report, Presentation and Interface designing.

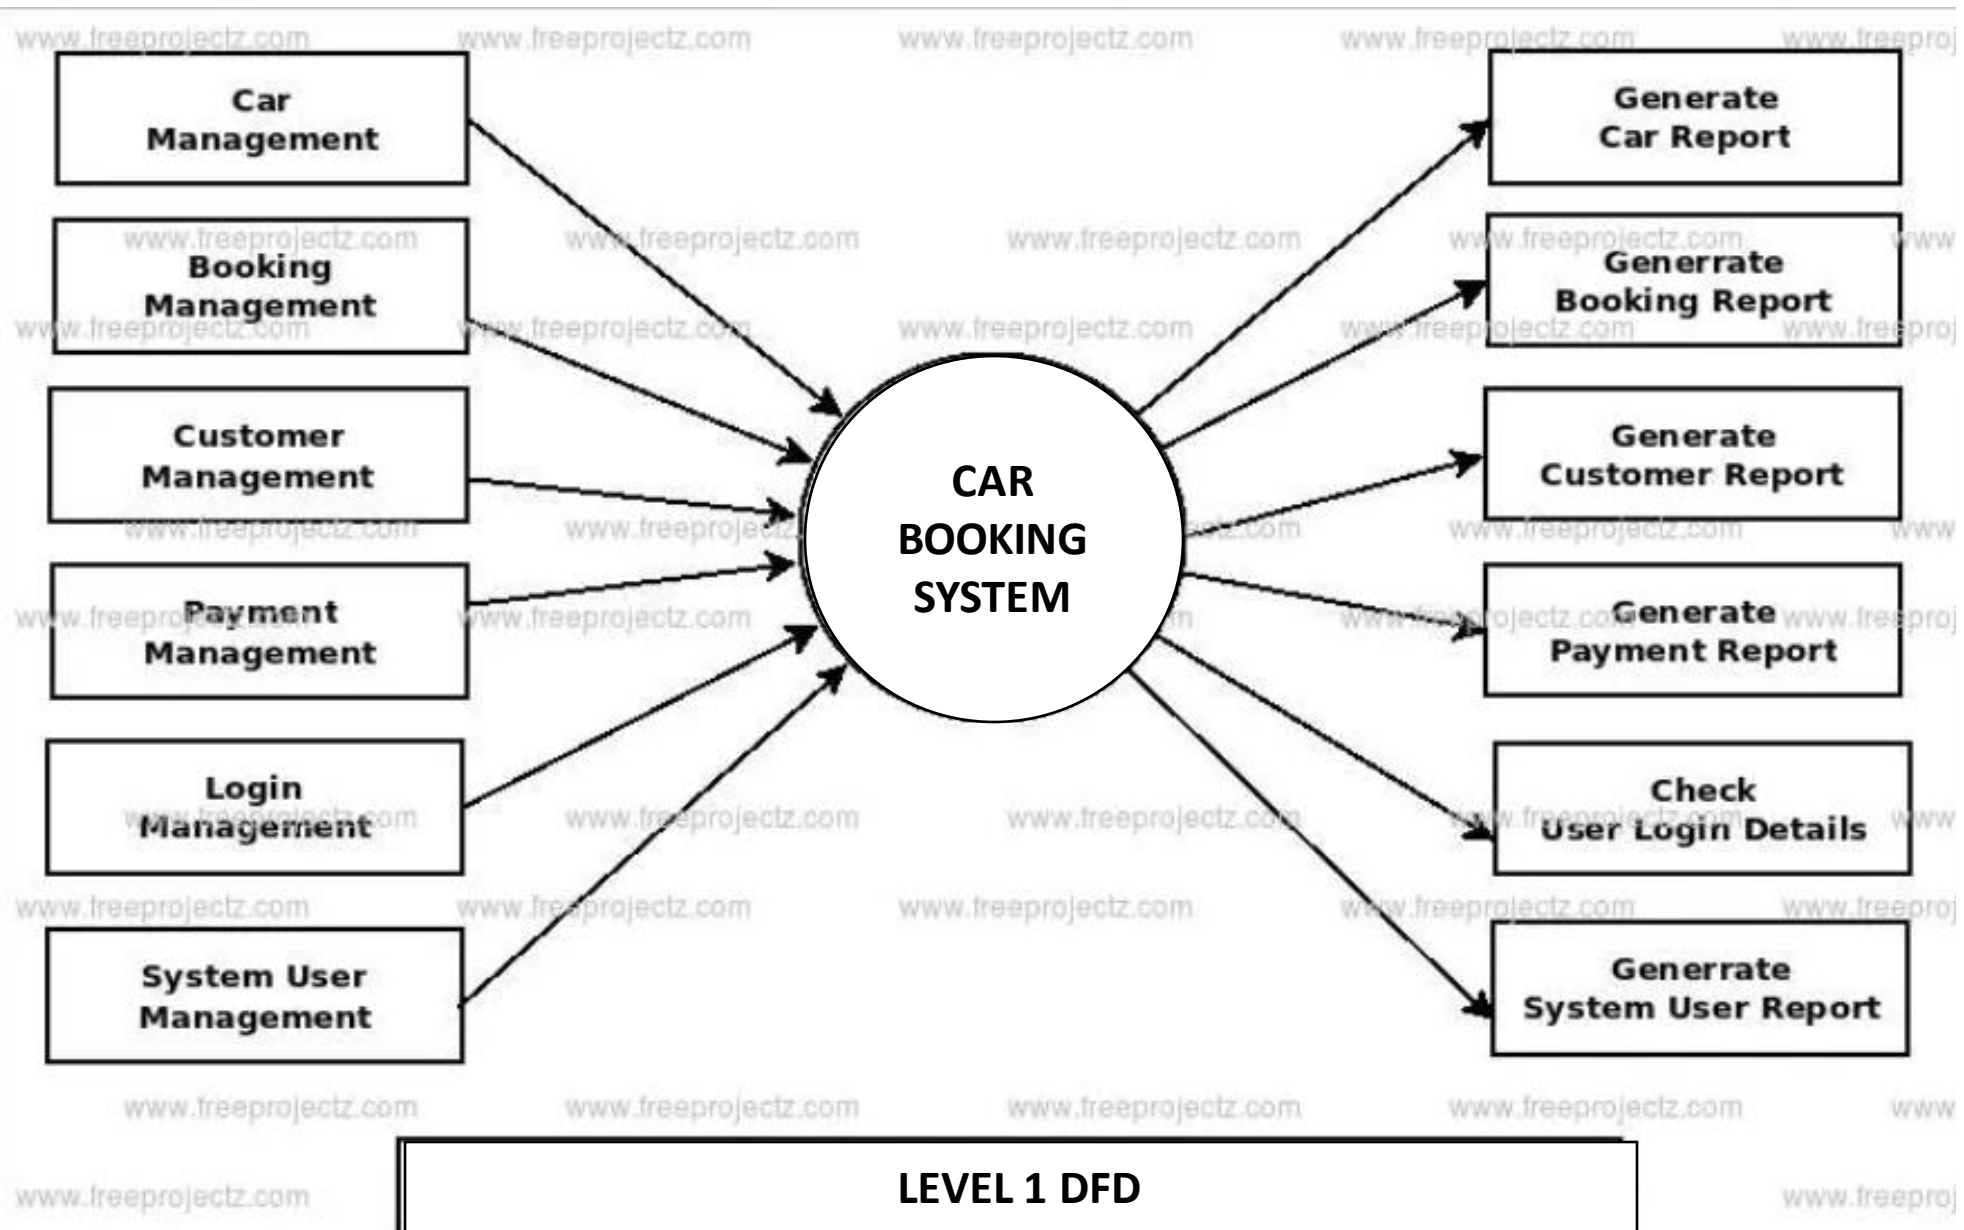

Collectively ,we will put efforts to complete the project successfully.
